Profile

Experienced Full-Stack Developer specializing in the MERN stack, with a strong focus on building high-performance, scalable applications. Proficient in mobile app development using React Native, creating responsive and user-friendly solutions. Skilled in end-to-end development from front-end design to back-end architecture. Known for delivering efficient code and collaborative project execution

Education

Bachelor's Degree in Software Engineering, 4 years,
http://www.aastu.edu.et/

2018 Nov – 2022 Jun
Addis Ababa, Ethiopia

Professional Experience

Frontend Developer
Developed a robust e-commerce platform for Merkato Beslke (Mely's Fashion & Trading), creating an attractive, user-friendly site to streamline buying and selling. Integrated a live chat system to enhance customer interaction and support, ensuring a seamless shopping experience

2024 Jan – 2024 Aug

Full Stack Developer and Instructor, *https://ennlite.com/*
At Everlink Digital Technology, I successfully balanced a dual role, fueling students' passion for web development and delivering impactful websites for the company. Guided aspiring developers in React, PHP, HTML, JavaScript, and CSS, equipping them with skills for thriving careers in tech. Leveraged full-stack expertise to create responsive, user-centric websites with seamless front-end and back-end integration, fostering a collaborative, hands-on learning environment.

2022 Sep – 2023 Dec
